

Hamworthy Heating's new Fleet range of condensing boilers, promises to change the way the industry views commercial boiler solutions.

British designed and built at the Hamworthy factory in Poole, the new Fleet brand comprises an exceptionally versatile range of modular boilers suitable for a multitude of commercial plant rooms.

Hamworthy Commercial boiler has taken an innovative approach to offer Fleet condensing boilers in wall hung and floor standing configurations, with outputs from 40kW to 1050kW. Using common components and exploiting its expertise in floor standing modular boiler design, Hamworthy has produced ultra-compact modules for both horizontal and vertical boiler applications.

At the heart of the Fleet is Hamworthy's new sectional heat exchanger, which has been designed for use in all the wall hung and floor standing boilers, allowing each product to be easily configured with a total of 47 different models.

The new Fleet range reflects our commitment to advancing the technical excellence of our products in the best interests of our customers, and address market needs that have been carefully identified. Through our innovative heat exchanger and a rigorous attention to detail, the Fleet range will feature a very competitive market price, which will enable customers to purchase Hamworthy's quality engineered premium products at an affordable price.

Manufactured using robust aluminium alloy castings for high efficiency condensing performance, the Fleet range of boilers are suitable for up to 6 bar working pressure. Engineered to the Hamworthy pedigree, the Fleet boilers have been through a comprehensive testing and development programme. Hamworthy's heat exchanger comes with a 5 year warranty, backed up by the manufacturer's dedicated after-sales service
