

At 24HR commercial appliance services we have extensive experience in the commissioning and decommissioning of commercial gas pipework and the associated pipework purging services required. We have an enviable record of completed commercial gas projects large and small, and we can carry out comprehensive gas testing and purging of commercial gas pipework throughout London and surrounding areas. We have Gas Engineers trained to deal with all aspects of commercial gas pipework purging whether on new build, refurbishment or decommissioning.

In IGE/UP/1 and IGE/UP/1A (Strength Testing, Tightness Testing and Direct Purging of Industrial and Commercial Gas Installations), The Institution of Gas Engineers and Managers (IGEM) has laid out clear principles which must be observed whenever a gas supply is to be commissioned or decommissioned, whether a new or an existing installation is involved. The person making the supply available must ensure that all air and gas, other than the gas to be supplied, is purged from the installation.

### **Emergency Commercial Gas Pipe Tightness Testing all 24 Hours throughout festive periods**

Tightness testing is carried out to ensure that your gas pipework is safe for use. In a new gas pipework installation the test is to verify that pipework is gas tight.

On existing gas pipework installations, the test is to confirm that the pipework is gas tight.

A smell of gas or presence of gas detected would fail the test and would be required to be traced and repaired which ABC can also attend to.

We recommend that all gas pipework be tested on an annual basis. This can be carried out at the same time as the annual gas appliance service visit.

We also undertake all other gas services including new installations of central heating systems, planned preventative maintenance and also repairs of boilers, both domestic and commercial.

**Examples of commercial pipe purging – gas pipe tightness testing services we offer :**

Commercial gas fitter, Emergency commercial gas pipe fitter, 24 hour commercial gas commercial pipe installers, commercial gas pipe installation, commercial gas pipe fitters, Commercial gas pipe testing and purging, 24HR Commercial gas pipe purging engineers, commercial gas safety certificate, commercial gas service, commercial gas engineer, commercial heating pipe leak repairs, commercial gas pipe leaky installation, commercial

heating pipe testing and Commercial Heating Design and Installation, Commercial Servicing and Maintenance, Commercial Boiler Breakdown Repairs, 24 Hour Emergency Call Out, Commercial Power Flushing and De-scaling, Domestic Power Flushing and De-scaling, Landlord's Gas Safety Certificate ,Industrial, Commercial and Domestic Gas Safety Certificates, Appliance / Pipework Commissioning and De-Commissioning, Non-Domestic Plant Commissioning, Commercial Pipe Servicing ,Industrial, Commercial Gas Pipework Testing and Purging , Gas, Oil Boiler and L.P.G Cooker, LPG Boiler ,Comprehensive Consultancy Services and Audits, Commercial Pipe Tightness testing and purging, Gas boosters and high pressure pipework, Industrial and commercial plumbing and gas, 24 Hour emergency commercial gas repairs service, Unvented hot water systems, Industrial and commercial gas contractors and sub-contractors, Industrial and Commercial Gas Pipework Sizing, Industrial and Commercial Gas Pipework Strength Testing , Industrial and Commercial Gas Pipework Tightness Testing , Industrial and Commercial Gas Pipework Purging , Industrial and Commercial Gas Pipework - Installation Commissioning , Industrial and Commercial Gas Pipework - Installation De-Commissioning, Commercial Gas Leak Trace and Repairs ,Gas Fired Equipment Commissioning on Industrial and Commercial Premises, Gas Boosters and High Pressure Pipework
